Recommendation:

It is with great pleasure to write this recommendation letter for **Majadeah Esmail Abdullah** as she applies for the Peace Corps Alumni Foundation for Philippine Government Scholarship. As her former Precalculus and Basic Calculus teacher at Notre Dame of Cotabato, I have closely evaluated her performance, work ethic and character, and I am certain that she will be a great beneficiary of this scholarship.

During her time in my classroom, Majadeah consistently demonstrated exceptional strengths in three key areas: Academic Discipline, Proactive Leadership and Interpersonal Maturity. She approaches every task and activities with critical thinking and analytic mindset, consistently placing in the top tier of her class. She does not wait for instruction when problem arises, she naturally step up to organize peer groups, manage class projects and guide tasks to successful completion.

A specific instance that highlights her remarkable dedication occurred when she was managing highly demanding tasks for a student organization and had to be officially excused from class. Despite the intense pressure of her extracurricular responsibilities, I had a major project that required immediate submission. Rather than asking for an extension or compromising on quality, she managed her time flawlessly and still complied with the deadline, delivering exceptional work on time. This level of resilience and accountability proved to me that she is fully equipped for the independent demands and rigor required of college-level studies.

Majadeah has a clear vision for her future, and being granted of this scholarship is her top priority. I am confident that she will bring the same dedication, curiosity and integrity as she accept this scholarship just like what she displayed daily in my classroom. I enthusiastically recommend her for acceptance, and I welcome you to reach out if you require further details regarding her qualifications.
