Name: Kristel Anne S. Ajogar Current School: Dr. Maria D. Pastrana National High School

Recommendation

I am pleased to recommend Kristel Anne S. Ajogar for the PCAFPD Undergraduate Scholarship. As her Grade 12 adviser, I have had the opportunity to observe her academic performance, conduct, and leadership. She is a responsible, hardworking, and academically motivated student who takes her studies and responsibilities seriously.

Kristel consistently demonstrates dedication to her academic work. She maintains high standards for herself and shows persistence when faced with challenges. She is willing to improve her performance and makes a consistent effort to fulfill her academic responsibilities.

As the President of her Grade 12 section, Kristel has demonstrated responsibility, initiative, and cooperation. She assists in coordinating with classmates, communicating concerns, organizing class activities, and addressing tasks that require attention. She performs her responsibilities with accountability and consideration for others.

Kristel also demonstrates a willingness to serve and support her classmates. She is dependable when responsibilities are given to her and is willing to contribute to the needs of the class. Her leadership is reflected not only in her position but also in the way she fulfills her responsibilities.

Kristel has experienced financial difficulties during her childhood that affected her ability to attend school consistently. Despite these challenges, she continued her education and remained committed to her academic goals. Her perseverance, academic dedication, leadership, and financial circumstances make her a suitable candidate for the PCAFPD Undergraduate Scholarship. I confidently recommend her for consideration and believe that this opportunity would provide valuable support for her higher education.
