Recommendation

PCAFPD scholars are chosen on the basis of their financial need, academic performance, and commitment to community service and leadership. As the applicant's reference, please describe the applicant's demonstrated leadership skills, accomplishments, and impacts on your community and any other relevant information you feel the committee should know about the applicant.

This paper inform your good office, that the name mentioned above is truly a good student who aim to continue his studies and aslo Kristian has shown leadership by being willing to help in different school activities. He often participates in school clean-up activities, where he helps clean the surroundings, pick up trash, and arrange things with his classmates. He also joins other school activities when his help is needed. Even though these may seem like simple tasks, he takes them seriously and makes sure that he does his part.

Through these experiences, Kristian has learned that leadership is not always about being the person in charge. Sometimes, it is simply about being willing to help, working with others, and taking responsibility. He gets along well with his classmates and cooperates with them when completing tasks. His participation in school and community activities shows that he is responsible and willing to contribute whenever he can.. Thus, I am confident enough to recommend Kristian PeriwPeriw, he is more than qualified to the aforementioned scholarship program as he continue and pursue his journey. He is diligent student and God fearing thank u.
