AVIATION COLLEGE

Recommendation

RECOMMENDATION LETTER

Recommender Name & Signature:

Date: 09/28/26

To the Scholarship Selection Committee:

I am pleased to recommend ALVARADO, GEL DAINIELLE B. for consideration in your scholarship program. As his teacher, I have had the opportunity to observe his character, leadership abilities, dedication, and commitment to his responsibilities.

Gel Dainielle has demonstrated strong leadership skills through his service as the Science Club President during School Year 2025–2026. In this role, he showed initiative, responsibility, and the ability to work collaboratively with his fellow students. His experience as a student leader allowed him to develop confidence in organizing activities, coordinating with others, and fulfilling responsibilities entrusted to him.

One of Gel Dainielle's notable qualities is his persistence. He does not easily give up when faced with challenges and consistently puts effort into completing his responsibilities. He is also capable of working effectively under pressure, remaining focused and determined even when faced with demanding tasks and deadlines. These qualities demonstrate his maturity and readiness to take on greater academic and personal responsibilities.

Beyond his leadership qualities, Gel Dainielle is a kind, respectful, and approachable young man. He gets along well with others and contributes positively to the people around him. His friendly personality and willingness to cooperate make him an effective team member and a positive influence among his peers.

I believe that Gel Dainielle possesses the character, leadership potential, perseverance, and sense of responsibility expected of a scholarship recipient. I am confident that he will make good use of the opportunities provided by this scholarship and will continue to strive for excellence in his studies and future endeavors.

I therefore highly recommend ALVARADO, GEL DAINIELLE B. for your scholarship program. I sincerely hope that his application will be given favorable consideration.

Respectfully yours,

John Paul B. Aparato
Research/Science Teacher
