

RECOMMENDATION LETTER

September 29, 2026

To the Scholarship Selection Committee:

I am pleased to write this letter of recommendation for **Ralph Gatan**, a former Grade 9 student of mine, at Tagumpay National High School, in support of his application for your scholarship program.

As his teacher/adviser, I had the opportunity to observe Ralph not only as a learner but also as a young individual developing his character, sense of responsibility, and commitment to others. Throughout the time I knew him, he demonstrated respect, perseverance, and a willingness to learn. He approached his responsibilities with seriousness and showed that he could work well with both his classmates and teachers.

One of Ralph's qualities that I particularly appreciate is his willingness to participate and contribute to activities beyond the classroom. His experiences in school and in the community have helped him develop important qualities such as cooperation, responsibility, and initiative. These experiences also provided him with opportunities to work with others, respond to challenges, and become more aware of the importance of helping and serving his community.

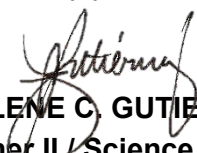

I have also seen in Ralph the potential to become a responsible and effective leader. He understands that leadership is not simply about taking charge but also about listening to others, fulfilling responsibilities, and setting a positive example. His willingness to learn from his experiences and improve himself is a quality that I believe will serve him well in his future studies and endeavors.

I believe that Ralph deserves consideration for this scholarship because he has the determination to pursue his educational goals and the potential to use his education in meaningful ways. Financial assistance through this scholarship would provide valuable support as he continues his studies and works toward achieving his aspirations.

I am therefore happy to recommend **Ralph Gatan** for your scholarship program. I am confident that he will continue to grow as a responsible student, a committed member of his community, and a person who can make a positive contribution to others.

Thank you for considering his application. Should you require further information regarding Ralph's character or experiences as my former student, I would be glad to provide it.

Respectfully yours,
