Recommendation

Lauren Alba was my former student, whom I had the opportunity to teach in Electronics during her Grade 10 year, and I was her research adviser for two years. As the group leader of their research team, she demonstrated strong leadership, responsibility, and commitment to their research work. Under her leadership, their research project won at the Regional Science and Technology Fair, one of the highly competitive research competitions for high school students.

Lauren is a hardworking, responsible, and reliable student who consistently demonstrates initiative in accomplishing assigned tasks. She does not simply complete what is expected of her; she often goes beyond the given requirements and takes the initiative to improve the quality of her work. Her ability to lead her team, manage responsibilities, and persevere through challenging research tasks reflects her dedication and potential for further academic growth.

Based on my experience working with her as both her teacher and research adviser, I firmly believe that Lauren Alba possesses the knowledge, skills, work ethic, and character necessary to be considered for your scholarship program. I am confident that she will make good use of the opportunities and responsibilities that come with being a scholar.

PCAFPD scholars are chosen on the basis of their financial need, academic performance, and commitment to community service and leadership. As the applicant's reference, please describe the applicant's demonstrated leadership skills, accomplishments, and impacts on your community and any other relevant information you feel the committee should know about the applicant.
