

PCAFPD Undergraduate SCHOLARSHIP RECOMMENDATION FORM

Confidential Recommendation Document

Applicant's Name:	Krisjan James Calixton
Course:	Bachelor of Science in Electrical Engineering
School:	University of Southeastern Philippines (USEP)

Recommender Information

Name:	Ivy Grace Susmena
Position/Designation:	Teacher IV
School/Organization:	Libertad National High School
Relationship to Applicant:	Student
Years Known:	6
Contact Number/Email:	ivygrace.manalo@deped.gov.ph

Recommendation Statement

I have known the applicant, **Krisjan James Calixton**, for 4 Years. During this time, I have observed his character, academic dedication, and involvement in school and community activities.

It is my distinct honor to write this recommendation for **Krisjan James Calixton**, whom I had the privilege of teaching and mentoring during his Junior High School years in the Special Program in the Arts (SPA) – Media Arts track. Having observed his academic, technical, and creative growth firsthand, I can say without hesitation that Krisjan was one of the most exceptional and driven students to ever pass through our program.

During his time in the Media Arts specialization, Krisjan did not merely meet expectations—he consistently redefined them. He possessed a natural mastery over a broad range of creative disciplines, including graphic design, video production, digital editing, and visual storytelling. While his individual technical output was consistently top-tier, what truly distinguished Krisjan was his extraordinary leadership and initiative. In many ways, he served as the standard-bearer and driving force for his entire batch.

In group projects and major school-wide media productions, Krisjan frequently took on the most complex and demanding responsibilities. Whether troubleshooting technical challenges under tight deadlines, guiding his peers through intricate editing workflows, or personally executing high-stakes deliverables, he consistently carried team projects to successful completion. His peers naturally looked to him for direction, problem-solving, and quality assurance, and he always stepped up with humility, dedication, and composure.

Beyond his creative dominance, Krisjan maintained outstanding academic standing, demonstrating that his creative drive was matched by deep discipline and perseverance. His contributions extended to regional platforms, where he effectively represented our institution and proved his ability to apply technical excellence in high-pressure environments.

Krisjan’s exceptional work ethic, creative intelligence, and natural leadership make him a rare and invaluable candidate. As he pursues his degree in Electrical Engineering at the University of Southeastern Philippines (USEP), I am fully confident that the same drive that allowed him to lead and elevate his entire Media Arts batch will propel him to top academic and professional honors.

I give Krisjan James Calixton my highest, unreserved recommendation for this scholarship. Please feel free to contact me if you require any further information.

Applicant Evaluation (replace with (x) the boxes if applicable)

Characteristic	Excellent	Very Good	Good	Fair
Academic dedication	☐	x	☐	☐
