RECOMMENDATION LETTER

To the PCAFPD Scholarship Selection Committee:

I am pleased to recommend Carl Vincent Woolery Descartin for the PCAFPD Scholarship. I have had the opportunity to know Carl through his involvement with the **RGE Media Team**, where he served as one of the **photographers** responsible for documenting various municipal events, programs, and community activities. Through this experience, I witnessed his dedication, responsibility, and willingness to contribute his skills in service of the community.

Carl demonstrated more than technical ability in photography. He understood that documenting community events is a form of service, preserving important moments, recognizing the efforts of community members, and helping communicate the activities of our municipality to the public. He consistently showed initiative, professionalism, and cooperation while carrying out his responsibilities. His willingness to volunteer his time and skills reflects his strong sense of civic responsibility.

Beyond his involvement in media and community activities, Carl is a college student pursuing a Bachelor of Secondary Education major in Social Studies. His chosen field reflects his desire to become an educator who can help young people understand society, history, citizenship, and their responsibilities to their communities. I believe his leadership experiences and commitment to service will be valuable in his future profession.

I also recognize that pursuing higher education requires significant financial resources. As a student studying away from his home and family, Carl faces the continuing costs associated with education and daily living. Despite these challenges, he continues to pursue his studies while actively participating in leadership and community-related activities. His financial circumstances should not become a barrier to his education or the potential contribution he can make to his community in the future.

For these reasons, I strongly recommend Carl for the PCAFPD Scholarship. I believe he is a deserving applicant, not only because of his academic goals, but because he has already demonstrated a genuine commitment to leadership, community service, and meaningful contribution to others. Financial support through this scholarship would help him continue his education and further develop his potential as a future educator and community leader.

I am confident that Carl will use this opportunity responsibly and, in time, give back to the communities he serves.

I strongly endorse his application for this scholarship.
