### Recommendation

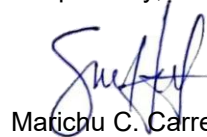

To the PCAFPD Scholarship Committee:

I am pleased to recommend Carl Justin Ador, a former student of mine, for the PCAFPD Scholarship. During the time I taught him, I observed his responsibility, cooperation, and willingness to fulfill his academic responsibilities.

Carl Justin is a respectful and approachable student who works well with his peers and actively participates in school activities. He demonstrates a willingness to learn, cooperate, and take on responsibilities when given the opportunity. I believe that his positive attitude and potential for growth will enable him to contribute meaningfully to his community.

I am confident that this scholarship will further support Carl Justin in pursuing his educational goals and developing his skills as a responsible and engaged young individual. I am happy to recommend him for this opportunity.

Respectfully,

Marichu C. Carretas
