Recommendation

PCAFPD scholars are chosen on the basis of their financial need, academic performance, and commitment to community service and leadership. As the applicant's reference, please describe the applicant's demonstrated leadership skills, accomplishments, and impacts on your community and any other relevant information you feel the committee should know about the applicant.

I highly recommend Shane Blanco for this opportunity. During her academic years in Bulak National high School, she demonstrated outstanding academic performance as she was a consistent honor student from grades 7 to 12. She had been a creative and dedicated Secretary in the organization – Supreme Secondary Learner Government (SSLG) where she gained her leadership growth, initiative, and dedication to serving her school community. Through her ability to organize activities with integration of ICT within the organization, she was able to motivate and mentored other officers to address community needs that made meaningful and lasting contributions. Her integrity, strong work ethic, and commitment to helping others make her an exceptional candidate who will undoubtedly continue to create a positive impact wherever she go. Above all, she is a student who demonstrated consistent good character and behavior worthy of praise. I believe, receiving financial support would significantly contribute to her educational journey and allow her to focus on maximizing her talents, pursuing goals, and continuing to make meaningful contributions for her self and her family as well. I am confident that this investment will yield lasting benefits not only for the applicant but also for the people and communities she will serve in the future.
