Recommendation

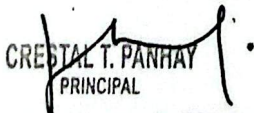

I am pleased to formally recommend Angel C. De Los Reyes, a Grade 12 STEM student of PHINMA Cagayan de Oro College – Senior High School, for consideration for the Peace Corps Alumni Foundation for Philippine Development (PCAFPD) Scholarship Program.

Angel is a dedicated, responsible, and hardworking student who consistently demonstrates respect, perseverance, and a positive attitude toward her studies. As a student, she shows commitment to fulfilling her academic responsibilities and continues to strive for personal and educational growth.

She has demonstrated determination in pursuing her educational goals and preparing for her future. Despite challenges that she may encounter, Angel remains motivated and committed to completing her education and achieving her aspirations.

As her school principal, I believe that Angel is deserving of support and encouragement as she continues her academic journey. This scholarship would provide valuable assistance in helping her pursue her education and work toward her long-term goal of studying Bachelor of Science in Architecture.
